Subject: Uber in SC

I have followed this issue closely in the news and was disappointed by yesterday's announcement. Uber is providing an excellent service to residents and providing an easy and reliable safe ride to many users. I use Uber regularly and have had nothing but good and safe experiences with all of the drivers.

Sincerely,
Colleen Ball

Subject: UBER

To Whom It May Concern:

I travel the U.S. with my job and love what UBER has done. I use them in large and middle size cities. I don't understand why SC has decided to take a non-progressive stance and make them stop. UBER not only provides a ride that is more affordable but the vehicles are in better running condition inside and out than the local taxi cabs. The UBER drivers are more timely, friendly and go out of their way to make sure you are happy with your ride. UBER itself checks in on every ride, wanting to know if you are happy. I am very happy with the service they provide. Taxi cab company's here in Columbia, NOT SO MUCH. UBER has a system where you can check in advance what the fare will be and will charge your card at the end of a trip and send you a receipt. The Taxi Cab companies here want cash and you have to beg for a receipt that you have to fill out yourself.

I understand there is talk out there about insurance. From what I have read they have more coverage than the taxi services. Granted I don't know all the particulars, it seems that the stance and the way the PSC has gone about banning UBER isn't quite right. I implore you to reconsider your stance.

Please review the insurance and background checks Uber puts in place for its dricers. These far surpass the taxi drivers requirements

Dont make SC look like more.pork barrwl politics as usual. Get the facts. Be progressive.

Thank you.
